HPSMUN conference was conducted by the students and for the students, it was also the first of its kind in Hyderabad.

By preparing for Model UN Conference the students showed concern for world affairs. They improved MUN skills and abilities such as, research on UN programs, learned about UN systems, wrote position papers on specific country (Sudan & Nigeria), made an artistic Country Profile, learned public speaking, debate, negotiate, resolve conflicts, compromise, cooperate, resolution writing, and build consensus.

Discipline and dignity of the delegates was doubly enhanced by the smart formal attire. Speech etiquette in various UN committees was eloquent since delegates had to act just like a country diplomat.
